Dear Parent/Carer,

24/05/2018

You may be aware that from this month, the rules around data protection are changing. The 'General Data Protection Regulation' (GDPR) will change how we can use your personal data and keep it safe, and will also strengthen your rights over your own data.

The point of this is to make sure sensitive or private information about yourselves and your children stays safe. Whilst it is similar to the current Data Protection Act in many ways, there are a few differences, so we need to make a few changes at the school in order to ensure we remain compliant. One of these changes is that we have updated our privacy notice. You will find it on our website.

We already have your permission for relevant areas, such as using photographs, so you will see few changes in practice. We have always worked conscientiously to ensure the confidentiality of information relating to our children and parents.

If you have any questions about how the GDPR affects you, or how our school is preparing for GDPR, you can contact our school office. Each school needs to have a named Data Protection Officer, and for this we are working with Leys Farm Junior school, so our DPO is Mrs Andrea Plaskitt, who can be contacted at that school.

Thank you for your continuing support,

Mrs. M. Elliott

Headteacher

50 years – A school that cares for it's community
